There is a one-time submittal for all limited specific medical use applicants of a NRC Form 313A series form to have each new individual identified as a Radiation Safety Officer (RSO), authorized medical physicist (AMP), authorized nuclear pharmacist (ANP), or authorized user or a subsequent submittal of additional information for one of these individuals to be identified with a new authorization on a limited specific medical use license.

NRC Form 313A (RSO) is also used by medical broad scope licensees when identifying a new individual as an RSO or adding an additional RSO authorization for the individual. This submittal may occur when applying for a new license, amendment, or renewal.
